Roundways Special

## ROUNDWAYS: BLOOR'S PLANS

Your Focus Team is standing up to Bloor Homes who have now formally submitted their speculative planning application for up to 450 homes on the Land East of Roundways to South Gloucestershire Council.

We remain firmly opposed to this development. It is on Green Belt land which would remain protected by the draft South Glos Local Plan that has been submitted to the government to undergo examination in public.

Little has changed since Bloor presented draft proposals in the summer with the planned development still extending from the railway line at the south, along the whole length of St. Anne's Drive and Roundways and joining up with Woodside Road in the north.

Ward Councillors from your Focus Team will attend that meeting to discuss the proposals and to understand your concerns before submitting our own responses to the planning application.

### HAVE YOUR SAY

Bloor's planning application can be found on the South Glos website at [bit.ly/roundways](https://bit.ly/roundways)

We would encourage ALL residents to visit the that consultation page and to register their views in the comments section – the deadline is 8<sup>th</sup> December.

### RESIDENTS' MEETING

Westerleigh and Coalpit Heath Parish Council are holding a meeting for residents at **The Miners on 1<sup>st</sup> December at 7pm.**
